**As a senior planning manager and statistical analyst, I have an extensive track record with major metropolitan and government organizations. My distinct strength is merging advanced graphics, video and AI tools with precise statistical analysis.**

In smart automation, quality management and security systems — particularly at Saba Sanat Group — I have deployed new visual solutions and intelligent automation to maximize organizational productivity.

## Selected projects

**Planning & statistics**
### Performance-indicator framework
Astan Quds Razavi · Planning specialist

Developing performance-evaluation indicators, high-level planning processes and visual analysis of organizational data.

**Video surveillance**
### CCTV system for a sports complex
Saba Sanat Group · Mashhad

Design, deployment and support of a surveillance-camera network covering a sports and leisure complex.

**Media & brand**
### Saba Sanat Group website
sabasanatgroup.ir · Content, photography & management

Product and educational content, product photography and catalogue management for the company website.

**Media & brand**
### Saba Sanat identity & teasers
Saba Sanat Group · Art direction

Refreshing the company and product marks, and producing a motion teaser and vertical reel for social media.

**Planning & statistics**
### Strategic planning for an urban district
Setavand Investment Co. – Mashhad District 2

**Planning & statistics**
### Statistical consulting for urban rail
Mashhad Urban Railway Operation Co.

**Quality management**
### ISO 9001 & 5S implementation
Mashhad Municipality, District 7

**Video surveillance**
### Saba Sanat CCTV product line
Saba Sanat Group

IP and AHD cameras and NVR/DVR recorders under the company's own mark — from technical presentation to project delivery.

**AI**
### AI agents & office automation
Independent & organizational projects

Custom single- and multi-agent systems built on language models to automate office work and content production.
